

Step 1: CAMPUS		Step 2: DELIVERY MODE	Step 3: INTERACTION MODE	Step 4: INSTRUCTION METHOD
Where are the students receiving instruction?		What percent of scheduled class time is taught face-to-face?	How is the majority of distance portion of scheduled class time taught?	Code
On-Campus Main Campus (0) Virtual Campus (10)—if the student receives instruction in an on-campus classroom or lab.	Face-to-Face	Student receives instruction in a space located on-campus. The instructor and student interact in the same physical space 76% to 100% of the scheduled class time.		A
	Distance-Hybrid	Student receives instruction in a space located on-campus. The instructor and student interact in the same physical space 51% to 75% of the scheduled class time.	Synchronous: Instructors and students interact at the same time a majority of the time.	AS
			Asynchronous: Instructors and students primarily interact at different times.	AA
		Student receives instruction in a space located on-campus. The instructor and student interact in the same physical space 50% of the scheduled class time.	Synchronous: Instructors and students interact at the same time the majority of the time.	FS
			Asynchronous: Instructors and students primarily interact at different times	FA
		Student receives instruction in a space located on-campus. The instructor and student interact in the same physical space 49% to 2% of the scheduled class time.	Synchronous: Instructors and students interact at the same time the majority of the time.	B
			Asynchronous: Instructors and students primarily interact at different times	C
	100% Distance	Student receives instruction in a space located on-campus. Apart from a face-to-face orientation or class meeting, the instructor and student do not share the same physical space during the scheduled class time.	Synchronous: Instructors and students interact at the same time the majority of the time.	D
			Asynchronous: Instructors and students primarily interact at different times	E
	Off-Campus Western Campus (2) Valley Campus (3) Falls Church (41) Arlington (42) Alexandria (43) Central Campus (6) Tidewater (7) Capital (8) Study Abroad (SA) Virtual Campus (10)—if the student receives instruction at an off-campus site or their home.	Face-to-Face	Student receives instruction in a space located off-campus. The instructor and student interact in the same physical space 76% to 100% of the scheduled class time.	
Distance-Hybrid		Student receives instruction in a space located off-campus. The instructor and student interact in the same physical space 51% to 75% of the scheduled class time.	Synchronous: Instructors and students interact at the same time the majority of the time.	KS
			Asynchronous: Instructors and students primarily interact at different times	KA
		Student receives instruction in a space located off-campus. The instructor and student interact in the same physical space 50% of the scheduled class time.	Synchronous: Instructors and students interact at the same time the majority of the time.	GS
			Asynchronous: Instructors and students primarily interact at different times	GA
		Student receives instruction in a space located off-campus. The instructor and student interact in the same physical space 49% to 2% of the scheduled class time.	Synchronous: Instructors and students interact at the same time the majority of the time.	L
			Asynchronous: Instructors and students primarily interact at different times	M
100% Distance		Student receives instruction in a space located off-campus. Apart from a face-to-face orientation or class meeting, the instructor and student do not share the same physical space during the scheduled class time.	Synchronous: Instructors and students interact at the same time the majority of the time.	N
			Asynchronous: Instructors and students primarily interact at different times	O

*Off-Campus site: any location not contiguous to the SCHEV approved main campus of an institution.
